

Version 7.1912

Date available on Pearson VUE Hosted Server: **Thursday, December 19, 2019**

Potential date available for Remote Deployment Installations:

 **Why is there a delay of releases for remote deployment installations?**
There is usually a slight delay of releases for remote deployment installations while code is compiled and packaged into an installer package.

 This list is a summary of **planned** changes for the release and the final list of changes included may be different. Please check back **after** the release date for the complete list of changes included.

 Please be sure to review the **Known Issues** page to see a list of any continuing defects seen in the application.

 **Links to updated help topics**
See **Updated help topics in this release** at the bottom of the page. A list of all the help topics that were updated in this release are listed with links to the topics.
